L-W Footlighters Open Monday Night In Manhattan

"Show night" for Manhattan folks is Monday night, Jan. 24, when the Lincoln-Way drama club brings their play program to the Sportsmen's hall. The footlighters are on the road with a bag full of theatrical surprises. Monday night's offering will be Sherwood Anderson's "I'm a Fool," Conrad Sieler's "Goodnight Caroline" and Betty Smith's "Night in the Country."

"I'm a Fool" is the prize winning story of a boy whose only love is harness racing until a new love presents itself. It is a study of human nature at its warmest and best.

Everyone will remember the incomparable "Tree Grows in Brooklyn" which became successively a best selling novel and a great motion picture. Here is the author, Betty Smith, in a new short play sure to rekindle the enjoyable moments experienced with the book. This new play is called "Night in the Country" and deals with the antics of the hilarious Honeywinkle family of Brooklyn holiday.

The third presentation is the time honored farce, "Goodnight Caroline." The plot concerns a rather pecked husband, an over spoiled conniving wife, and an unformed burglar who chances through the open bedroom window only to find himself on the defensive instead of the "client."

The club requests all to attend this first annual presentation of the Footlighters' plays. Tickets are on sale now. And no seats are reserved.

L-W Parent-Teacher Group Appeals To Parents, Guardians

The membership committee of the Lincoln-Way high school Parent Teacher group have sent out the following circular letter to the parents and guardians of Lincoln-Way students:

"The Lincoln-Way high school Parent Teacher group has appointed the undersigned as a Membership Committee."

"We wish to invite each parent and guardian to join us in trying to unite all of our towns in a closer union and to unite for our common cause. The next meeting of the Lincoln-Way Parent Teacher group will be held at the high school Wednesday evening, Feb. 2, at 8:00 p.m. Won't you please be present?"

The Program Committee promises an interesting program.

"We decided at the preliminary meetings that the first Wednesday of each month was the best night to meet and we hope to have all parents and guardians join our group."

"Officers of the group were elected for this year and a trustee from each town was also appointed at the meeting Jan. 5."

"Meetings are called to order at 8:00 p.m. and are over at 9:00 p.m. with refreshments and visiting after the meeting, ending at 9:30 p.m."

"The dues have been set at 50¢ per member. The money will be spent for a project for the students this year. There are many worthwhile projects, so please come out and join us for a successful first year at Lincoln-Way."

Mr. and Mrs. Don Wennlund, New Lenox

Mr. and Mrs. Lester Case, Manhattan

Mr. and Mrs. LaVerne Lilly, Lincoln Estates

Mr. and Mrs. Lester Heisner, Frankfort

Mr. and Mrs. Henry Clark, chairman, Mokena.

MOKENA BOY SCOUTS ARE ALL EXCITED

National Boy Scout week will be held Feb. 6-12. In line with this, the past two weeks have seen a concentrated effort toward advancement for Boy Scouts, troop 40, in Mokena. Big plans are afoot for holding another Parents Night for Troop 40 during this Boy Scout week. This explains the rush, to finish a few requirements here and there, so as to become eligible to receive a new badge of rank at that time.

A local board of review has been scheduled for this week to qualify those eligible.

As an outgrowth of the cooking and tracking hike held last Sunday afternoon, the following challenge has been arranged. To prove to any doubting Thomas that wet wood will burn, Scouts Kenneth Lorenz and Gregg Hoel were each given a piece of wood. They are to place this piece of wood in the bottom of a bucket of water and keep it down by placing a rock on it. Friday night the Scoutmaster has offered to start a fire with one match only, using this piece of soaked wood as fuel.

Considerable chatter has been overheard as to what kind of a match will be used. Will it be an acetone torch, or what?

It is claimed that the match will come from the same box that was used last Sunday on the hike. The boys are saying: "Boy, will we have a full house Friday night?"

Village Players To Come Out With Melodrama in April

Mokena Village Players will start rehearsals for their April production soon. The Players will put on an old fashioned "mellodrama" April 22 and 23 - "The Curse of the Aching Heart" by Samuel French.

The play will be directed by Mrs. Mildred Anderson, with Mrs. Herta Hamilton as her assistant. Auditions will be held and anyone interested in a part will please call Mokena 4222, or Mokena 3742.

The play will be directed by Mrs. Mildred Anderson, with Mrs. Herta Hamilton as her assistant. Auditions will be held and anyone interested in a part will please call Mokena 4222, or Mokena 3742.

Frankfort Second Grade Tops 'em On PTA's Dad's Night

The Frankfort PTA held their monthly meeting Jan. 12 in the first grade room of the public school, with Mrs. Glenn Ferrell presiding. This was Dad's night, and the room award count was based on the number of dads present with the second grade having the largest presentation of dads.

A controversial debate on TV, comic books and movies brought lively participation from the audience.

After the meeting refreshments were served by the following: Mrs. Glenn Schroeder, chairman, and Mrs. Charles Lewin, co-chairman; Mrs. Walter Zollner, Mrs. Richard Kostanek, Mrs. Donald Nier, Mrs. Dorothy Lohner, Miss Frances Sinnott, Mrs. James Bell and Mrs. James York.

Attend Turkey Grower's Convention

Mr. and Mrs. George Hasenjaeger, of Hasenjaeger's Turkey farm, Frankfort, returned last Wednesday from a two week's vacation trip. They flew to Washington, D. C., and from there went to Atlantic City, N. J., where they attended the annual Turkey Grower's Association convention. After leaving Atlantic City they spent several days in New York.

BAKERY SALE

The Auxiliary of Bobzin-Swinford post of the American Legion, Frankfort, will hold a bakery sale Saturday afternoon, Jan. 29, starting at 2 o'clock. The sale will be held at Fink's store in the former post office building.

Start House-To-House Survey Of School Dist. 159 Today

The Citizens Survey committee of the Mokena public school district 159, which was organized Dec. 7, to study the growing school problems of today and the future, met in the school Tuesday night.

In order to acquire the needed information of the district and to determine the number of children now in the school, as well as pre-school children in the district, a house to house survey will be made by members of the committee and their co-workers.

A questionnaire calling for certain information will be presented at each home. In order to familiarize residents of the district with the questions to be asked, thus facilitating the operation, the questions are herewith presented:

Name and address, total occupants; children now attending school, name, grade and school. Pre-school children, date of birth. Will you send your children to parochial school? Would you send your children to kindergarten, if available? How long have you

lived in this district. Year moved here. Do you know of any families planning to move into our district in the near future? How many families? Number of pre-school children and school age children.

The workers will appreciate full cooperation from each one called upon. This survey will start today, Jan. 20, and it is hoped that it will be completed by Feb. 7.

Death Claims Mrs. Charlotte Gougar Services Today

Mrs. Charlotte Gougar, a native of New Lenox, died in Silver Cross hospital, Joliet Tuesday noon.

Mrs. Gougar, who would have reached her 88th birthday this March, was born in New Lenox in 1867, the daughter of the late Egbert and Emily Gillette. She was united in marriage with J. William Gougar in New Lenox Dec. 1, 1886. They established their home on a farm, half mile south of New Lenox on what is now South Cedar road, where they farmed until 1899.

At that time they retired from farming and moved to the village and built a home on Haven ave., now occupied by the Ekedahl family. Six years later the Chicago Telephone company located their switch board in their home when Mr. Gougar became manager. All the family helped in answering the calls of the 60 subscribers. When the family moved to Joliet a few years later, and the switch board moved to a new location, there were 100 subscribers.

Mr. Gougar died in 1938 following which, Mrs. Gougar made her home with her children and for the past few years has been living in the Lincoln Nursing home in Joliet. Being in poor health for some years, she became critically ill a few days ago and was removed to Silver Cross hospital the day before her death.

Surviving are two children, Mrs. Myrtle Stout, Los Angeles, Calif., and Walter B. Sr., New Lenox; five grand children and six great grandchildren; two sisters, Mrs. Manly Haley, Rantoul, Ill., and Mrs. Annie Higgins, Minneapolis, Minn. Also four brothers: Egbert, Marley, Alfred, Joliet; Steven Buehl, Idaho and Robert, Calif.

The body was removed to the Sonntag funeral home in Joliet where services will be held this afternoon, Jan. 20 at 2 o'clock. Rev. Ralph Miller, pastor of New Lenox Methodist church will officiate. Burial will be in Oakwood cemetery, Joliet.

Name Chaperons For Square Dance In Mokena Saturday

The Mokena PTA is sponsoring a square dance to be held this Saturday night, Jan. 22 starting at 8 o'clock, at the Mokena public school. At this dance the following couples have consented to act as chaperones:

Mr. and Mrs. A. C. Halverson; Mr. and Mrs. Oliver Kleslar; Mr. and Mrs. Douglas Lavezz; and Mr. and Mrs. J. Scott Perry.

No children below fifth grade will be admitted, unless accompanied by their parents.

Buffalo And Venison Featured At Annual Sportsmen's Dinner

An event that hunters and sportsmen are looking forward to with considerable anticipation is the annual Hunter and Sportsmen's Dinner Dance, to be held Saturday evening, Jan. 22 at Saenger ballroom, in Tinley Park. On the wild game menu will be buffalo and venison roast, affording a good opportunity for people who have never tasted these wild meats to experience a new taste thrill. Bar-B-Q bear stakes will also be served, some sportsmen who have never knocked over anything bigger than a rabbit.

Serving will be cafeteria style—all you can eat—but reservations must be made. A 10-piece orchestra and a vocalist will add to the enjoyment of this gala occasion.

The Illinois Rural Safety Council warns you never to try to start or hasten a fire with petroleum products.

CARD PARTY

Friday evening, Jan. 21, is the date set by the Auxiliary to the VFW post at Mokena for card party. Games will start at 8:30.

Hostesses will be Mildred McMillan, Anita Harr, Elsie Gens, Alice Homering and Yvonne Stephen. Everyone is invited to attend.

ANNOUNCE ENGAGEMENT

Mrs. Edric Heavner of Frankfort announces the engagement of her daughter Shirley Mae to Mr. Larry Harris of Mokena, son of Mr. and Mrs. Edison Harris of Moline. Mrs. wedding is being planned.

Miss Heavner is a receptionist in the office of Dr. Joseph Pet-nuch, dentist at Frankfort. Mr. Harris is employed by the Rock Island railroad.

ROAST BEEF DINNER

The PTA of the Ann Rutledge school at Lincoln Estate will serve a roast beef dinner Sunday, Jan. 23, to which they invite everyone to attend. The dinner will be held in the dining room of St. Anthony's church and serving will be from 12 noon to 6 p.m.

TWO NEW LENOX YOUTHS CRASH ON ROUTE 30

Two New Lenox youths were involved in a roll over accident on Route 30, near New Lenox, at about 7:45 Sunday night. They were Dennis Norton, 22, and John Barry, 25. Dennis was driving his brother's car, a 1950 Oldsmobile.

The village policeman had stopped a car west of New Lenox when the car driven by Norton came through, exceeding the village speed limits. The officer took after them, and they speeded up, traveling east on route 30 at a high rate of speed.

There is a slight rise in the highway just east of the Wabash viaduct, but the rise is sufficient to obscure the view of approaching traffic in the other lane. Before reaching this rise the youths passed a car, but when they reached the crest of the hill they were confronted with a car traveling west. Rather than have a collision, Norton took a chance on the shoulder of the road, but the wheels hit loose gravel. Their car turned over in the ditch on the north side of the highway.

East of New Lenox, in front of Tony Padjuika's place, where there is a big round barn.

They were taken to Silver Cross hospital in an ambulance where they are reported in fairly good condition. Barry has a fracture of the shoulder. X-rays were also taken to determine possible skull or head injuries. Norton may have head injuries, and x-rays were also taken of him.

The car, which was completely demolished, was hauled away by wreckers.

Bremen State Bank Votes To Increase Capital Stock

The Bremen State Bank at Tinley Park held their annual stockholders meeting last Thursday evening. The general business report of the bank for the year 1954 was given and future business questions were discussed.

Approximately 90 percent of the capital stock of the bank was represented at the meeting.

On a request received from the State Auditor of Public Accounts to increase the capital stock of the bank, it was decided, by unanimous vote, to increase capital stock of the bank from the present \$50,000.00 to \$100,000.00.

The present officers and directors were re-elected for the ensuing year with the addition of Ralph C. Dahms, as 3rd assistant cashier.

The president was pleased to announce a heavy increase of business of the bank for 1954.

WJOL To Broadcast L-W Program Tonight

Lincoln-Way broadcasts again tonight, Jan. 20 at 7:45 over WJOL, Joliet, in their 15th program of the year. This week's spotlight is on the home economics department, which will present a special program on careers in the field. The program is directed by Richard Keeley and is under the supervision of Mrs. Florence Butler, home economics instructor at Lincoln-Way.

On alternate Thursdays, members of the speech class and drama club at Lincoln-Way present variety programs consisting of original sketches and readings by our group. W. J. O. L. reception is now better at night in this area. Make it a pleasant habit to tune in on the Lincoln-Way show each week.

The Holstein-Friesian certificate was awarded to LeRoy Aggen and Walter Bernard. County medal winner in poultry achievement and entomology was Robert Stellwagen.

William F. Whiteside, assistant Farm Adviser of Cook county, was the guest speaker of the evening.

Many families of the members were present at the meeting. Following the meeting refreshments were served.—Robert Stellwagen publicity.

12 FROM THIS AREA JOIN ARMED FORCES

Uncle Sam has called quite a number of boys from this area to the colors. All registrants from county board No. 212. They left by train Monday morning for Chicago, on their first step for entry into the armed forces. The JTHS band serenaded the future soldiers before their departure.

Included in the group were: Donald Frederick Hinspeter, Marvin Rae Rice, Eugene Arthur Osmus, John Edwin Kuse, Jr., Arthur Norman Steinborn, and William Ray Knippel, all of Frankfort; Stanley Lee Brown, and Irvin Frederick Holm of Mokena; Leslie William Nissen, and Randall Wayne Bunte, of Beecher; LaVerne Favero Braidwood and Vernon Dale Lankeau, Peotone.

Mokena Book Club Asks Return Of All Overdue Books

An appeal is being made by the Mokena Book Club to all patrons of the local library, to search their bookcases, attics and storage boxes for books which they may have overlooked returning to the library.

Several books are missing from the shelves, most of them being children's books. An effort is being made to get the library files up to date, so it is hoped these volumes will be returned as soon as possible. They may be left at the library or the home of Mrs. Ray Hoolehan.

Janet Proper To Wed Ronald Sinrell

Mr. and Mrs. Charles Proper announce the engagement and approaching marriage of their daughter, Janet Lillian, to Ronald Sinrell, son of Mr. and Mrs. Aaron Sinrell of Tinley Park.

The wedding, which will be for the immediate family only, will be held Wednesday evening at 7 o'clock at the Frankfort Methodist church, with Rev. Ralph Steele officiating.

Following the wedding ceremony, a reception will be held in the home of the bride's parents. All friends and relatives are invited to attend the reception.

WILL COUNTY SPORTSMEN GET TOGETHER

The Will county Sportsmen held their regular meeting Jan. 16 at Manhattan, with president William McGowan presiding. Ten chapters answered the roll call.

The Troy club announced that a fox hunt will be held Jan. 30, the hunt to start at 9 a.m. A free lunch of hot dogs will be served at noon. All fox heads will be turned into the club sponsoring the drive.

The Wesley chapter recommended that Harlan Hoffman, sponsor of the junior conservation club at Wilmington high school, be suggested for the summer session of conservation schooling at Springfield in 1955. The expense is to be shared with the county chapter.

Richard McHugh, former treasurer, suggested that the county chapter send a letter of appreciation to the Manhattan bank thanking them for care of the books for the past two years, without charge.

Harold Pattengale suggested that some of the unfinished work at Lake Will be completed before starting any new projects. Herman Christianson said that the latest building built was in need of windows and air vents, so as to provide ample ventilation.

President McGowan suggested that various clubs be assigned responsibility for specific chores at Lake Will. He outlined a complete program and appointed each club with a project.

All clubs are assigned to the tree planting project. A committee of the directors and George Young are to contact the Int. Harvester Co. to see if they will bring their earth moving equipment into the Lake Will area and help level things off. A new road is to be built to permit entrance from the north.

Some of the fishermen present asked that the county and all chapters in the county write a letter to a congressman complaining of the restrictions imposed on local anglers regarding fishing in the backwaters of the Kankakee river.

It was suggested that a letter be written to the county board of supervisors asking that the fox county be raised from \$3 to \$5 and that all neighboring counties ask for the same type of identification to collect this bounty. This was approved.

The Troy club were hosts for the refreshments. Lily Cache will be hosts for the February meeting.

Silver Cross School Of Nursing To Give Pre-Entrance Test

A pre-entrance test will be held for girls who wish to enter Silver Cross school of nursing, Joliet, next fall. It will be held at the school Jan. 29. Applications must be in prior to that date, and applicants must be high school graduates or girls who expect to receive their high school diplomas at the end of this school year, according to Miss Adeline M. Jorstad, director of the nursing school.

An open house will be held by the school of nursing Saturday, Feb. 5, when guests will be high school students with their parents and teachers. A pageant depicting events in the history of nursing will be presented by the first year students called the pre-clinical class. Tours of the school and Silver Cross hospital will be arranged and refreshments served. The pageant will also be presented on Friday evening for trustees, members of women's societies working for the hospital and hospital personnel.

Capping ceremonies, when those students who have successfully completed the first six months of the three year nursing course receive their freshman pins, will be held Friday evening Feb. 25 at some Joliet church to be announced later.

L-W Teacher Gives Speed Typing Demonstration

J. Bryce Sardiga, business education teacher at Lincoln Way high school appeared before 300 junior and senior girls at the Holy Name Academy in Chicago Tuesday at an assembly program sponsored by the Sisters of the Holy Family of Nazareth.

Mr. Sardiga typed from 40 to 140 words a minute and gave pointers to the girls on how to increase their accuracy and speed. After a 45 minute program, questions were fired at Mr. Sardiga by the girls.

The Holy Name girls placed the typing art work that Mr. Sardiga does on the typewriter on exhibition and the Sisters and girls spent much time reviewing it.

Points that Mr. Sardiga covered in his lecture demonstration were how to insert the paper into the machine in less than on second, position at the typewriter, and how some words can be written at over 300 words a minute by a speed typist while others at only 70 or 80 words a minute. Continuity was brought into play for the speed typist so that he can attain a speed of over 140 words a minute in typing all of these words when he was taking a long time writing.

Mr. Sardiga typed several timed writings at various speeds and was asked by the girls to re-type a test at 70 words a minute as it was unbelievable that this was the speed, which seemed so slow to the girls. On the re-timing he averaged 76 words a minute which the girls still could not believe for they seemed to type so much faster and yet wound up with so much less speed.

To Show Colored Slides Of Mexico At Mokena PTA

The Mokena public school PTA will meet next Tuesday evening, Jan. 25, at the school gym.

Mr. David Felt Spanish teacher at Carl Sandburg high school of Orland Park will conduct the program. He will give a talk and show colored slides on Mexico, where he has spent the past few summers attending school.

School News

Mokena Public School

First grade has been busy re-creating a farm on a mural. Each child volunteered to make something different. Each child participated. The pictures are both interesting and amusing.

We have decorated our room with snow men which we designed with circles of our own choosing. Each snowman is an expression of the child who made him.

It's quite a week for memorizing in the second grade. We have a new music teacher, Mr. Glen L. Miers. He is going to teach us a lot of new songs. We learned two songs our first class. Mr. Miers will come in every Thursday morning from 10:30 to 11:15.

It's also "verse" week for the second grade. We are learning a set of poems. There are three poems to the set. Each has a number for a title, and then the poem tells about groups of things that come in that number. For

example, "Twos": gloves, skates, sacks and shoes.

The 3rd and 4th grades are studying "food" from the farm to the retail market.

For opening exercises every morning the fourth and fifth grade have a sharing time in which the boys and girls tell and show interesting things. We have been seeing many wonderful toys.

The sixth grade class has gained four new pupils since the beginning of the school year. They are: Margo Book from Valparaiso, Ind., Gayle Harling from Chicago, Virginia Lari from Oak Lawn, Linda Troxel from Mason City.

We have started a project in geography on Latin America. Each pupil was assigned a country and will make a booklet containing written reports, drawings and maps. If possible pictures and newspaper items pertaining to that country will be included.

In Art class we are making a cover for the booklet.

A recent Science class was made unusually interesting by

the actual examination of a pig's heart. The opportunity to see a real heart was provided by Everett Heinicke who produced the object of interest.

Under Miss Burk's leadership, the art class has been hard at work turning out trim skating girls to brighten the room and accept the season.

The seventh grade is showing an added interest in the weather these days. The reason is a new unit in science which the class had just begun to study.

The study of weather is related to the theory of flight and the class has already realized how improvement in weather equipment and data has hastened airplane development. Possibly a future Clint Youle will be developed before the completion of this quarter.

The eighth grade has been busy studying for their mid-year exams. We also have been selling candy every Wednesday noon from 12:30 to 12:55.

Frankfort School News

by Donna Miller

First graders this week made snowmen and scribbles. Marrell Chorney had a treat for her birthday day this past week. Bobby Kortanek and Linda Duke were absent.

Second graders made snow men and also got well cards for Mrs. Woodman, second grade teacher, who is still ill. They had their spelling tests also.

Lorna Miller gave the fifth and sixth grade a birthday treat on Jan. 12, her 12th and golden birth day.

The eighth grade were given a birthday treat on Friday by Donna Miller in honor of her 14th birthday on Jan. 16.

An exhibition basketball game was played at Frankfort with Orland Park, Jan. 13. Light weights won but the heavy weights lost by one point, Orland Park 27, Frankfort 26.

Lincoln-Way News

F. H. A. NEWS

The F.H.A. of the Lincoln Way high school met in the Home Ec. room Jan. 11.

The January project was to entertain Carl Sandburg's F.H.A. to an "around the world" dinner Friday, Jan. 14 at 6 p.m.

Mary Mark, projects chairman appointed the following committees: refreshment, Inez Heiser, Jeanie Anderson, Pat Heiser, Karen Peipenbrink, Paula Townsend; Mary Mark, Judy Novak, Shirley Tarrant, Nancy Goldenstern and Ardis Batson were on the decorating committee.

BABSON SAYS—

Copyright, 1954, Publishers Financial Bureau, Inc.

Part of our Fiftieth Anniversary, celebrated recently in Wellesley, Massachusetts, was spent looking ahead fifty years to the year 2004. Dr. E. F. W. Alexanderson, a disciple of Steinmetz and long-time engineering researcher for General Electric and the Radio Corporation of America, made some startling statements. If he and the other speakers did not hold such very important positions today, we would take these statements "with a grain of salt," but under the circumstances they deserve attention. Here's what we predict for fifty years from now.

Our offspring will look back on the 1954 era as one of primitive existence. Automation will have taken over completely, not only in the factory, but also in the home and on the farm. For example, Dr. Alexanderson predicts that the business executive will live in the country and commute to work by helicopter over a special-frequency airline channel which will pilot his plane automatically and safely to its destination. The busy business executive won't have to go to the office so often, for he will have private TV circuits between his home and his office and can go into conference or look in on any part of his factory by means of numerous television eyes. He will be able to go to his summer place in the mountains, and again by means of private TV circuits, see and talk with his children back home. By the same means, he can look in on his cattle or into his chicken house. A button pushed at his mountain house will carry an impulse via short wave to the chicken house back on the farm, and the chickens will be fed and the eggs collected, sized, and boxed, automatically.

Machines will be powered by atomic capsules, and by 2004 we will consume as much power in one year as we did in all the years from 1 A.D. to 1954! Homes and working establishments will all be air-conditioned. Electronic ovens will cook our food in seconds. Foods will be wrapped and sealed in inexpensive plastics and will keep crisp, fresh, and deliciously palatable indefinitely. People will be healthier and happier. They will live to be a hundred with no debilitating effects. This age will be known as the atomic age - an era of unprecedented technological advancement and material prosperity.

Mrs. Ivy Baker Priest, Treasurer of the United States, predicts that one-half of our elective and appointive officials will be women in 2004 - half of the House of Representatives, and a third of the Senate. The Secretary of State will be a woman. Through the efforts of women the world over, there will be an effective outlawing of war. In predicting business trends

of the future, considerably more emphasis will be given to sampling, market analysis, and discovering what people think and why they think that way. This kind of analysis will enable us to predict human behavior and business trends far more accurately than is now possible.

Both Miss Margaret Clapp, President of Wellesley College, and Dr. Alexanderson are concerned about the kind of civilization our technological advances will leave us with in 2004. Both fear that science, if pursued on a straight materialistic plane, will lead man into some real trouble. There is a serious fear in the minds of many educators lest education today is too concerned with teaching facts rather than developing thinking men and women of character and stature who know why as well as how.

A good climate for business and a soundly administered government do not just happen. They are the products of able

leadership. And leadership, good or bad, is more closely tied to our religious and educational system than we may like to admit. Good leadership depends on excellence of instruction in church, school, and college. In the last analysis, what we do with our technological advances—whether we shall have peace or war, progress or decline in the art of living in 2004—may well depend on the kind of churches, schools, and colleges you and I want and on the financial support we give them today.

Pledge Of Allegiance

"I pledge allegiance to the flag of the United States of America, and to the Republic for which it stands, one Nation, under God, indivisible, with liberty and justice for all."

The new pledge of allegiance to the flag is given by Eagle Scout Robert Jablon, 13, Girl Scout Judy Thomey, 12, and Illi-

nois State Commander of the American Legion, Irving Breakstone.

Robert's father, artist Jerry Jablon, was inspired to paint the patriotic wall hanging by newspaper friends who started a campaign to revise pledge to include words "under God."

Commander Breakstone has spoken in behalf of over 220,000 Legionnaires in Illinois who have hailed the American symbol as a patriotic inspiration of our children.

This new symbol will be distributed throughout the state in the very near future.

Statewide Testing Service activities of the University of Illinois College of Education reach 52,000 students in 521 Illinois high schools.

The University of Illinois Speakers Bureau offers connections with speakers from the university for schools, civic organizations, etc.

EXTRA VALUES WITH HI-KLEARANCE PLOWS

★ Quick, High Lift

★ Ample Clearance

★ Light Draft

★ Excellent Scouring

★ Better Results

You do a better job... and you do it easier with MM Hi-Klearance Plows. Their greater clearance, 23 1/2" between share points and beam, 26 1/2" between share points, helps eliminate your trash problems... greater lift prevents dragging trash or stubble at the end of rows, lets you plow deeper when necessary, makes transport and turning easier.

MM Hi-Klearance Plows are built for strength and durability to meet the needs of modern, high-speed plowing. Longer land-slides on the rear bottom act as rudder for entire plow keeping it in alignment with line of travel. Heat-hardened, carburized shares give you longer plowing life. An adjustable hitch allows you to use Hi-Klearance Plows with all makes of tractors. Friction or Spring Trip hitches, standard equipment with Hi-Klearance Plows, protect shares and beams if plow strikes hidden obstacle.

Let us show you the many advantages of MM Hi-Klearance Plows, Visionlined Tractors and the Complete Line of MM Modern Farm Machinery.

2,400,000,000 people in the world, 162,000,000 of them living in the United States. We pay \$90 billion in Federal, state, and local taxes yearly; the rest of the world all put together pays only \$73 billion yearly.

Our people carry the heaviest tax load in the world because our leaders insist it is our duty—like Atlas of old—to carry the world upon our backs. How long can we or should we carry this load?

The Stay-at-Home Vote
Forty-three American citizens voted last November 3rd. They can point with pride to their voting record. But forty-three million registered American voters did not bother to vote, and about 10 million more citizens - entitled to vote - did not even bother to register for voting. These 53 million stay-at-home citizens cannot point with pride to their voting record. They shirked their duty.

Every American citizen enjoys certain privileges and opportunities. In return he is expected to assume certain duties, obligations, and responsibilities. One of the chief obligations of every citizen is to do his part to see that his country is well governed - that means to exercise his right to vote. When he neglects to vote he is not worthy of his heritage; he is shirking his responsibility; he is not a good citizen.

The Great Lakes-St. Lawrence Seaway

To construct this deep waterway Canada has set up a "St. Lawrence Seaway Authority" with power to borrow \$300,000,000. The United States has created a Federal corporation with authority to borrow \$105,000,000. This makes available an investment of \$405,000,000 for the construction of the project, and Congress will be asked at this session for another \$100 million to deepen and improve the connecting channels to the Seaway. We are told that as of today 20 million tons of freight each year pass through the Welland Canal - the principal bottle-neck

in the proposed Great Lakes - St. Lawrence Seaway. This represents only 40% of the estimated capacity of the canal. There is a possibility, therefore, of 30 million more tons being added each year to the present traffic through the canal. This additional traffic will be composed mainly of grain, iron ore, lumber, wood pulp, automobiles, and general cargo.

In connection with the shipment of iron ore to the steel mills of South Chicago, Gary, Cleveland, and other lake ports, it is well to remember that the Messabi Iron Range in Minnesota—the present source of supply—is about exhausted, and the only source of supply in the near future will be the unlimited supply of iron ore now available in Labrador. The only possible means of transportation of iron ore from Labrador to the Great Lakes will be through the proposed Great Lakes - St. Lawrence Seaway. That means the entire future of the steel mills on the Great Lakes is dependent upon the proposed seaway.

The Illinois Deep Waterway carried 19 million tons of heavy freight last year. It is expected this amount will be doubled when the Great Lakes - St. Lawrence Seaway is in full operation. That means the cities along the

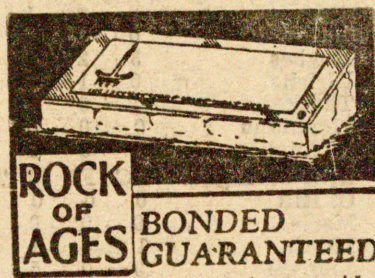

Illinois River will benefit greatly from these increased transportation facilities.

Printer's ink can be explosive, especially when it gives shape and impulse to a new idea. Five hundred years ago the printing press was feared as an instrument of evil which would incite the minds of men. The printed word has served good and evil, and caused many social and political upheavals, but no one will deny its major benefits to the progress of mankind.

Mankind faced a new and destructive force when gunpowder was introduced six hundred years ago, but in our generation of world conflicts, the harnessed muscles of dynamite have created far more wealth in industry than the fury of bombs can ever destroy.

The immediate future has its problems, economic as well as atomic.

Taft Tournament

Lockport Jan. 11-15

Mokena climaxed a strenuous week of play with a thrilling 21 to 20 victory over Kelvin Grove to win the third place trophy in the Bantam Division of the Taft Tournament in Lockport.

The trophy represents some of the finest basketball played by Mokena in the past two seasons. Fourteen teams were entered in this seventh annual invitational event.

Mokena's first round opponent was St. Jude's of Joliet, and victory was secured by a 46 to 6 score. Kruzich and Powers contributed 14 points and 10 points, respectively, to the victor's total.

The following night, Thursday, Jan. 13, Mokena met the top rated team in the tourney, Braidwood. The result was a resounding upset victory for Mokena 48 to 22. In addition to putting them in the semi-finals the win was especially sweet to Mokena because it marked the first time any Mokena team had ever beaten a Braidwood team. Porick and Schultz each scored 13 points to lead the team.

Friday evening the team suffered an unfortunate late down against Limestone. The result was a 42 to 19 loss and a missed chance for the championship.

The boys refused to be discouraged, however, and came back the next afternoon with their thrilling win for consolation honors.

Mokena led for the first half but a spirited rally by Kelvin Grove in the third quarter appeared to swing victory to their side. Mokena seemed to have lost the game when with only 2½ minutes remaining they trailed 20 to 15. Then sparked by a finish which had fans on their feet at the end, Powers sank two free throws to narrow the count to 20-17 with a minute remaining. Seconds later Richardson made two more vital free throws to pull Mokena within one point. Then with only 12 seconds remaining he missed a free throw but Porick grabbed the rebound and put in to bring Mokena third place and a thrilling victory.

Bremen vs. Reavis

Bremen high quintet eked out its fourth conference win in five starts by the narrow margin of 47-45 at Reavis, Friday night, Jan. 14.

With 13 seconds to go in the final stanza and the score knotted at 45 all, Ron Gallina dropped the two winning markers from the free throw line.

Wriglitsch, Ram forward, gave the Bremen fans a scare in the final second when he hit a jump shot from the corner only to have the basket nullified. Ben Wood fouled Wriglitsch before he shot, and with the pressure on, the Reavis lad failed to make good his charity toss.

Brave captain, Bob Miller, caged all of his team's points in the opening period as both squads were deadlocked 11-11. Early in the second quarter Ron Gallina put himself in the scoring column with a free throw, but his teammates could not keep up with the blazing pace set by Kryzwanos, crafty ballhawk for the Rams.

The Little Reavis guard stole the ball on four successive tries and scored each time to put his team into the lead 29-20 at half time.

In the third period Coach Bill Brown changed his defensive tactics, and while the Reavis cagers were recovering from this maneuver, Bremen was chopping down its nine point deficit.

Hitting a set shot from the center circle late in the third stanza, Al James knotted the score at 32-32. In the finale he lead see sawed back and forth, and it was not until the buzzer sounded to end the game that the Braves were certain of their seventh victory in nine games.

Al James led the victors' scoring attack with 14 points while Bob Miller and Bill Lindsay dropped in 13 and 10 respectively.

In a preliminary battle Coach Emil Lussow's frosh-soph squad defeated Reavis 42-37.

Bremen - Manteno

Bremen high quintet marked up its sixth win in eight starts by mowing down Manteno 58-48 on the home court Saturday, Jan. 8.

Getting off to a 12-9 first period lead, Coach Brown's cagers picked up two points in the second quarter to hold a 26-21 half time edge.

The Bremen five played steady ball and monopolized the boards throughout the third stanza.

In the finale both teams stepped up the pace. Manteno dumped in 21 points to Bremen's 20, but the Braves were still out on top of a 58-48 score.

Bill Lindsay copped the scoring honors with 11 field goals for 22 points while teammate Al James contributed 14 tallies to the winner's efforts.

Coach Emil Lussow's frosh-soph squad came out on the short end of 49-44 contest with the Rich Rockets Friday, Jan. 21.

Mokena vs. Rockdale

Jan. 10

The Mokena Heavyweights treated their fans to an exciting 32 to 30 victory over Rockdale Monday, Jan. 10. The game was played at Mokena and marked the resumption of Conference play after the holidays.

The triumph was an important one for Mokena since it continued their undefeated string of victories and broke a first place tie with Rockdale. Mokena has now won 4 and lost 0 while Rockdale has a 3 and 1 record.

Heroes of the game were Johnson and Yunker. They led the scoring with 8 and 11 points, respectively. Both also played well defensively and Yunker's rebounding was a big factor in the success of the team.

Mokena's lights also won their game, running away from Rockdale 36 to 22. Kruzich with 10 points and Haehnlein with 9 helped Mokena build up a 22 to 11 halftime advantage. The victory moved Mokena into second place in Conference play.

The Heavies lost to Limestone 51 to 18 in the Taft tourney and the lights lost to St. Dennis 31 to 29 in the first round also last week.

IN MEMORIAM

RAUCH, John. In loving memory of our dear husband and father who passed away, Jan. 23, 1949. Always smiling, happy and content. Loved and respected wherever he went. Years will not darken nor shadow dim. The beautiful memories we have of him.
LOVING WIFE, CHILDREN and GRANDCHILDREN

Gus Oelke underwent surgery Jan. 13 at Silver Cross hospital, Joliet. He is doing nicely and expects to be home this week.
It's a baby girl for the Charles Mueller's, born Thursday, Jan. 6 in Silver Cross hospital. The infant weighed 7 lbs. 5 oz. and has been named Phyllis. Mother and daughter are home and doing fine.

Lane Schrader, son of Mrs. Ethel Granat enlisted in the army Jan. 3. He is in the 5th Armored division and is stationed at Camp Chaffee, Ark. His brother Bill has been stationed at Newfoundland for the past four months with the army air force. March marks his first year in service.
Donald Oranger, son of Mr. and Mrs. Elston Oranger, who was home on furlough, has returned to his station at Camp Chaffee, Ark. On his arrival at camp, he will try to locate Lane as they were school mates in the Orland Park schools.

Mr. and Mrs. Wm. Duehr have returned from a four weeks vacation in Florida. They made their headquarters with Mr. and Mrs. Robert Cantey and family at Lakeland. They toured the Cypress Gardens, Bok tower and also called on Mr. and Mrs. Phil Burkhardt. Weather was fine and they enjoyed their stay very much. But as usual were glad to be home again.

Donald Duehr, Norman Reicher and Marvin Rauch enjoyed a two weeks vacation at Miami Beach and Key West, Fla. Supper guests of Mr. and Mrs. Richard Nitsche Saturday night were Mr. and Mrs. Dean Schultz of Calumet City. Mrs. Ethel Schultz and son Bill of Roseland. Later in the evening other guests were Mr. and Mrs. Fred Nitsche of Tinley Park and Miss Vera Zerbis of Orland Park. Bill Schultz took colored movies of the guests. He expects to leave Thursday for Labrador.

The Day Circle of WSCS, Orland Park Methodist church will meet in the church annex Thursday, Jan. 27 at 10:30 a.m. Luncheon will be served at noon. The regular meeting of the WSCS will open with a devotional period after the luncheon. The business session will follow. Members are asked to bring material to tear and sew for rag rugs.

Bernice Reish will entertain Laurel Camp 1796 RNA, Thursday evening, Jan. 27 at 8 o'clock. Officers will be installed at this meeting. All members urged to attend. The books of the recorder and receiver will be audited Thursday evening, Jan. 20 in the home of Edna Doctor.

Brownie Girl Scout Troop 420 elected officers at their regular meeting Jan. 12. They are Lynn Hansen, president; Sharon Clark, vice president; Patricia Ryne, secretary; Diane Huthmacher, treasurer and Linda Ebeling attendance officer.

"I couldn't save a cent...until Harvey Federal Savings showed me a savings plan tailored to my income and expenses."

The secret of saving is first to find out what you can afford to save. There is no blanket rule for saving. You may have the same income as your next door neighbor—but your expenses may be necessarily higher. That doesn't mean you can't save, however. A savings plan tailored to your income and expenses will enable you to accumulate a tidy sum.

The folks at Harvey Federal Savings are ex-

perts in analyzing your financial situation and determining the amount you can afford to save and still live comfortably.

Why don't you drop in soon and talk with one of our officers? He'll be glad to work out a personal saving plan for you. Then soon you'll have that solid feeling of security that comes from having money in an insured savings account.

How To Prove One's Age When Claiming Social Security
Bill Johnston was worried. He was over 65, and had been retired from his job, and was going to the social security office to file an application for retirement benefits. Bill had been told by someone that he must submit a birth certificate to prove his age.

Bill Johnston's problem was not unusual. As in the case of many others, all the records in the small country town of his birth had been destroyed. So

Bill worried about his inability to produce the required evidence of birth.

When Bill called at the social security office and explained his problem, the clerk didn't seem disturbed. He explained to Bill that the Social Security Administration has prepared a list of other proofs that are acceptable as proofs of age. As they checked this list together, Bill noticed that the family Bible would be acceptable and returned to the office with this treasured heirloom.

It was also explained to Bill Johnston that the list contains seventeen different types of proof of age so that, even without the family Bible, some other type of proof could undoubtedly have been produced to support his statement. This list may be obtained, without charge, from any social security field office. Many people, born abroad, have worried needlessly about securing proof of age because they knew it was impossible to obtain a birth record or baptismal certificate. By getting a copy of the list and checking it for the type of proof or proofs available to them they would have time and worry.

Styling that's stealing the thunder from the high-priced cars!

The styling spotlight blazes down on a low-cost car this year—for the Motoramic Chevrolet is stealing the show from the high-priced cars with its subtle sweep of line, the brilliant sophistication of its European-type grille, the bold rake of its deep-curved windshield.

And there's even more excitement in the way it drives—the velvety comfort of Glide-Ride front suspension and outrigger rear springs, the handling ease of Ball-Race steering, the flashing performance of the new 162-h.p. "Turbo-Fire V8"

engine or the two new "Blue-Flame" 6's. All this—plus the extra-cost options of Powerglide or Overdrive and a full range of power assists. Try a 1955 Chevrolet—now—and you'll know why it is stealing the thunder from the high-priced cars.

Pre-Fabricated Homes To Become More Popular

Prefabricated structures will become more widespread in the next few years - providing certain needed improvements are made to make them more popular.

That is the belief of Raymond W. Sauer, supervisor of the structural analysis section of the propulsion and structural research department at Armour Research Foundation of Illinois Institute of Technology, Chicago.

"This not only will involve structural advances, such as making flexible floor plans available, but also improving such interior features as wall finishes," Sauer pointed out.

If a family buys a prefabricated home today, it gets the choice of a minimum of rigid floor plans. Sauer said interior components must be made flexible so that families may have some latitude in laying out their homes.

He predicted there will be new structural materials as well as new uses for old materials.

CHESTNUTS FIGHT BACK

The chestnut was staging a comeback in the United States, the American Peoples Encyclopedia 1953 Yearbook reports. With the native and European species of chestnut both suffering continued eradication because of chestnut blight infection, the Chinese chestnut was rapidly supplanting them in commercial orchard culture. Immune so far to the blight, the Chinese chestnut was extensively planted in the eastern section of the United States, particularly in the south-east.

One Alpine housewife is wondering if she shouldn't start keeping an eye on her "beginning to get elderly" husband. While stretched out comfortable

on the davenport one evening, he suddenly observed, "You know, honey, after all these years I have just found out that I don't have all my toes on one foot."

"Well, what in the world do you mean by that?" she sort of gasped in surprise. "They are on two feet," he answered with a chummy grin.

Will yours be one of the
615,000 Northern Illinois
families to save important
money with our New
Appliance Installation Plan?

Are you one of our 615,000 Chicago area customers who live in a 1, 2, or 3-family building with 120-volt (2-wire) service? If you are, this new installation plan of ours can save you up to \$35 on the installation of any one of the appliances shown above... and give you the modernized wiring you need today.

This installation includes bringing a modern 240-volt (3-wire) line to the main fuse box inside your home plus the interior wiring to wherever you want the appliance located.

Our New Installation Plan Available at All Dealers

Our new installation plan not only helps you, but your dealer as well. All your dealer has to do is call us once—we do the rest. We arrange a convenient installation date with you... line up an electrical contractor... see that the job's done right and, if you prefer easy payments on your share of the wiring, we'll take care of that, too.

What this modernized wiring means to you now and in the future
Besides saving you up to \$35 on installation, our new plan improves your entire home's electric service, too. Right away you'll notice a bigger, sharper TV picture, brighter lights, faster toast. In fact, every appliance you now own will work better. With 240-volt capacity, your home's ready for other appliances you'll want in the future.

What our New Appliance Installation Plan offers to customers who live in a 1, 2, or 3-family building with 120-volt (2-wire) service.

1. You can save up to \$35 on the installation of any of these appliances: electric dryer, range, water heater, air conditioner.
2. Your present appliances work better once you have new, heavy-duty 240-volt wiring in your home.

Power of the Spirit

Lesson for January 23, 1955

MOST Christians have wished, at some time or other, that Jesus of Nazareth were still on this earth, living at a post office address, perhaps with a telephone, certainly available for interviews, for lecture and preaching engagements. There are so many questions we should like to ask him, so many debates in and outside the church that he could settle with a word. This feeling may well have been strong in the minds of Jesus' personal and closest friends as the shadows were closing around him at the close of his life. Yet Jesus, although aware of this feeling, tried to make the disciples feel that it was best all around that he should not continue living as he had done for three years among them.

Who Is the Spirit?

Entirely aside from the importance of the Atonement, it was best that Jesus should, as he put it, "go away." Existing as all human beings do in a body, subject to all the laws of nature, he could be in only one place at one time. But, once away from this earth physically, he could be present spiritually in ways not limited by space and time. Sometimes he said the Father would "send" the Spirit, sometimes he said he himself would send the Spirit. (Compare John 14:26 with 16:7.) By the Spirit men would be linked with Christ and the heavenly Father. As Paul was to write later, out of years of Christian experience, "through him (Christ) we have access in one Spirit to the Father" (Eph. 2:18). So this divine Spirit, wholly God though not the whole of God, is sometimes called the Spirit of Christ and sometimes the Spirit of God. Paul even says once that the Lord "is" the Spirit (II Cor. 3:17).

Many theologians of the present day express it this way: The Holy Spirit is God at work in the lives of men. The Holy Spirit is sent from God, but also the Holy Spirit is God. Theology has devised a great many complicated ways of explaining this—and the truth may be even more complex than theologians think. But the simple and important truth is that wherever the Spirit lives in a human heart, there God lives, no faint reflection or distant emissary of God but God himself.

The Spirit in Us

Now there is a question that will naturally come up in the minds of thoughtful people. Is not God everywhere? How can he come or go? How can he ever be absent from any place or any person if he is infinite? The Bible speaks of the Holy Spirit "coming," "descending," being "sent," also of the Spirit's being "taken" or "departing." If the Holy Spirit is God at work in the hearts of men, how can the Holy Spirit go and come? The full answer to such questions only God himself knows. But we can get a glimpse of the truth from what is said in the Bible. (Of course a full study of these deep matters is not for a short column like this.) God is indeed everywhere by his power and his providence. In him we live and move and are, as Paul said. We stick to that. But God has so made man that he can open or close the door even to God. God does not force himself on any man. As friend, as one who transforms life, who brings comfort and purity and power, he comes only where welcomed. It is possible to grieve the Spirit, yes to drive God out.

The Spirit for Us

But it is also possible, a glorious fact, that where the Holy Spirit lives in a human life, that life is transformed into the very image of the divine Life. The Holy Spirit is the Life-changer. In us—and also for us. One of the most remarkable, one of the most uplifting truths we know about the Spirit is that when we pray, though our prayers are limited by our ignorance and tainted with our own self-interest, the Holy Spirit prays with us, prays for us. Over the dull monotone of our stumbling prayers can be heard in heaven the melodious overtones of the Spirit's pure desires for us. Our noblest aspiration still is short of God's aspiration for us. This does not mean we can afford to be careless about prayer. It does mean that as we reach up to God we find that he has first been reaching down to us. It is because of the Spirit in us that we can pray at all.

Socialist Intellectuals Undermine Freedom

The great questions which confronted the American people when 1954 began had not been answered when 1954 ended. Had they been, it would have amounted to a miracle of unprecedented proportions. For they involve, in the international sphere, bitter and emotionally charged conflicts which have been growing and deepening for more than a generation. And here at home, on the domestic front, the American people certainly have not made clear their answer to the greatest question of all—what kind of government they want.

There were achievements during the year— notable achievements. When the shooting war ended in Korea, and it became possible to sharply decrease war spending, there were those who feared that a depression or at least a severe recession was inevitable. They believed that our economy was so inextricably tied to war that the transition to even an uneasy peace would be long and painful. That was not the case. It has been pointed out that never in history did a great nation proceed with such a transition in so orderly a fashion.

Industry demonstrated its faith in this nation's strength and potential by continuing and ever increasing expansion programs of almost unbelievable scope and cost. The declining purchasing power of the dollar was checked—the direct result of curbs on federal spending. As the year ended, production and consumption were running at enormous levels, and the employment figures reflected that fact.

What then—barring another world war—have we got to worry about?

The answer is simple. For some 20 years, millions of Americans became conditioned to having government provide more and more of the services that people must provide for themselves if a free system is to be preserved. They became conditioned to the idea of a welfare state. And, apparently, they regarded a "little socialism" as a good thing.

Obvious consequences of this are found in our national debt and our tax structure—nothing is more expensive than socialism and a welfare state. More subtle and more important consequences are found in a sapping of individual moral fiber, and the undermining of old, eternal ideals of human dignity and freedom and responsibility.

Americans hate Communism. Yet Communism is nothing but socialism and state capitalism—"do everything" government—carried to the inevitable end. One of the most distinguished men living recently described the process well. Herbert Hoover said: "In the Iron Curtain states it was the Socialist intellectuals who weakened the freedom of men by destroying free enterprise. Thus they furnished the boarding ladders by which the Communists captured the Ship of State."

Today, as for years past, the attempt to destroy free enterprise in the United States continues. Men in high, responsible positions, including members of both the political parties, advocate policies and philosophies which would undermine free enterprise in one sphere or another, and which would make the central government ever bigger, ever more powerful, ever more expensive, ever more monopolistic, ever more oppressive.

A short time ago Dorothy Thompson wrote: "Private enterprise, we note, is always called an 'interest' while State capitalist ventures are presented as disinterested instruments of the people." This is balderdash. Government grows on what it feeds on; every government agency and its functionaries are hungry for more appropriations and more power; they, too, are "interests."

Moreover, the sins of private enterprise can be and are corrected by law. The sins of super-government, once a certain point is reached, are beyond any law. The people, more and more, take what is offered and do what they are told. That is the way free men become slaves. Modern history groans with examples of it. It was said long ago that any

people get the kind of government they deserve. They also get the amount of freedom they deserve. We Americans are not immune to these truths.

Illinois Business Firms Receive 1954 Census Report Form

Report forms of the 1954 Census of Business are being mailed to Illinois retail, wholesale and service businesses, theaters and other amusement places, hotels and tourist courts, early in January by the Bureau of the Census, Department of Commerce. The report forms are adapted to the various kinds of business and smaller firms need answer only a minimum of basic inquiries.

Approximately three million business firms throughout the United States will receive the 1954 census forms. Information collected in the census is confidential and will be used by the Bureau of the Census in compiling new statistics on business activities for the nation, states and smaller areas for the first time since the results of the 1948 Census of Business were published.

Selected figures for Illinois from the 1948 Census of Business follow:

Retail Trade, 1948
Number of Stores 103,405
Sales for year ... \$ 8,805,257,000
Payroll for year ... \$ 979,688,000
Wholesale Trade, 1948
Number of stores 17,454
Sales for year ... \$18,136,506,000
Payroll for year ... \$ 689,689,000

1954 Income Tax Form Simplified

The new punch-card Federal tax form for reporting 1954 income was described by Director of Internal Revenue Ernest J. Sauber as the simplest return developed by the Revenue Service during the 40-year history of the federal income tax.

"This is one Federal tax return that can be filled in with the very minimum of trouble," Director Sauber said. "Devised for the employee whose total wages reported on his withholding statement amounts to less than \$5,000, and who does not have more than \$100 of other income, the return requires no mathematical computations," he explained.

The new punch card return, officially designated Form 1040A, is now available at all Internal Revenue offices, and can also be obtained at most banks, building associations and post offices. Besides the punch card, taxpayers who elect to use the simplified form are furnished an instruction sheet which carries facsimiles of both sides of the card. After the data has been assembled on the instruction sheet, the taxpayer copies it on the punch card, retaining the rough draft for his own records.

The front of the card bears the taxpayer's identification, the amount of income he has received, the amount withheld by his employer, and dividend credits and sick pay allowances, if any. He also designates by check mark his marital status, and signs the card, which is his return.

If it is a joint return, the signatures of both the husband and

wife are required. On the back of the card the taxpayer shows his exemptions, including himself, his wife, children and other dependents, the extent of support, etc.

When the card return is completed, it should be mailed, with the taxpayer's withholding statement (Form W-2) to the District Director of Internal Revenue in the envelope which is provided for this purpose. From the information on the card, the Internal Revenue Service will figure the tax. If the taxpayer has overpaid, a refund check will be forwarded to him. If additional taxes are owed, he will receive a bill.

Break All Records At Harvey Federal Savings In Dec. '54

The month of December, 1954, showed an all time record increase in savings balances held by Harvey Federal Savings and Loan association, Harvey, breaking all records in the 44 years of the Association's existence, according to John Bardwick, Jr., president. The total increase for the one month was \$309,963.57, bettering the previous record set in December 1953 when the increase in savings balances was \$253,594.63. The heavy inflow of savings in December brought the total increase for the year 1954 to \$1,414,940.60 and raised the total outstanding savings balances to a new peak of \$10,353,369.33. President Bardwick said, "The total increase in savings during 1954 was only slightly below that

of 1953 when the total gain was \$1,519,618.19. The early months of the year showed a slower rate of growth but the last six months brought up much of the lag."

The Association paid earnings on its savings totaling \$224,747.86 during the year 1954, a new record high, which is compared with \$190,191.26 paid in 1953. Total net earnings in 1954 also set new records which, in addition to the dividends paid, provided a total of \$92,477.17 in additions to safety reserves.

Commercial electricity was first used July 4, 1883. Today electric utilities are the coal industry's biggest customer and used a record 116,000,000 tons in 1953.

A good way to dry up your cows for a six to eight week rest period before they are due to freshen is to wash the udders with disinfectant and then dip the teats into colloidion, suggests a University of Illinois dairy specialist.
